

Virtual Classroom Set-Up

When setting up our Virtual Classroom, we have striven to offer the same quality of customer experience as attained through our 'face to face' training environment

Take a look at the great feedback on our **About Virtual Classrooms** tab
<https://fasttrackcomputertraining.co.uk/about-virtual-classrooms>

The Fast Track Virtual Classroom is currently choosing Microsoft Teams as the main Conference platform. Therefore, before joining the Virtual Classroom you will need to download Microsoft Teams

Delegate Pre-Requisites

Aimed at delegates with experience of using Excel VBA and preferably having attended Excel Beyond the Macro Recorder and Excel VBA The Basics courses

Course Duration

This is a One Day Course

Course Details

Courses commence at 9:30 a.m. through to 4:30 p.m.

All delegates will receive Training Courseware following the courses in pdf format together with a Course Attendance Certificate

Corporate Courses

Virtual Classroom Corporate courses are available

Modular Courses

Bite-sized 'modular' courses are available where you can build your own day course covering the topics that suit you - these are modules that you can mix & match

Excel Education Track - Virtual Classroom

Excel VBA The Next Level

Target Audience

This course is a follow-on from our Excel VBA The Basics course. It takes interaction with the Excel environment further, allowing the dynamic creation and population of worksheets and charts and includes the creation of custom functions. It also takes a closer look at the VBA language which is essential for this interaction and the debugging and error-handling tools that are available.

The Content

Overview of Procedures & Modules
